## B. Is public transportation available?

1. Any transit stop?  
 2. Bench or covered shelter at transit stop?  
 3. Wheelchair accessible?  
 4. Any concerns?  
 5. Bus bay/pullover area?

No	Yes
go to C1	

## E. Is there a place to walk, bicycle or use a scooter/wheelchair?

### SIDEWALKS

	No	Yes
1. Sidewalk present?	go to E10	
2. Any buffer between curb and sidewalk <i>along most of the segment</i> ?	go to E3	
2a. Tree(s) in buffer?		
3. Sidewalk continuous within segment?		
4. Drainage prevents water ponding?		
5. Width ≥ 1.5m for <i>most</i> of the sidewalk?		
6. Width < 1.0 m for <i>any part</i> of the sidewalk?		
7. Any missing or deficient curb cuts or ramps at intersections or driveways?		
8. Any major misalignments or cracks in the sidewalk?		
9. Any permanent obstructions (trees, poles) blocking the 1.0m walk area?		
10. Any drop off along edge?		
11. Steep ditch slopes beside shoulder?		
12. <b>If a sidewalk is not present on any part of the segment</b> , do you have another safe place to walk, including:		
Street or shoulder (if safe)?		
Unpaved pathway?		
Other? Specify: _____		

Sidewalk notes:

### SHOULDERS

11. Designated bike lane sign or "Share the Road" sign?		
12. On-street, paved shoulder?	go to E16	
13. Width of paved shoulder ≥ 1.5m?		
14. Shoulder continuous between segments at both ends?		
15. Any permanent obstructions in the shoulder (e.g. drainage grates)?		
16. <b>If a paved shoulder is not present on any part of the segment</b> , is there another safe place to bicycle, including:		
Street?		
Multi-use path ≥ 3.0m wide?		
Other? Specify: _____		

Shoulder notes:

**Stop time:** \_\_\_\_\_

## C. What street characteristics are visible?

1. Enter posted speed limit:		
2. Enter special speed zone:		
3. Enter total # of vehicle lanes on street:		
	No	Yes
4. Marked bicycle lanes?		
5. Median or pedestrian island?		
6. Pork chop island?		
7. Turn lane?		
8. Crosswalk for crossing this segment?		
8a. Curb cut at crosswalk?		
8b. Clearly identified visual/tactile?		
9. "Walk" / "Don't Walk" signal?		
9a. Level area at push button?		
9b. Push button contrasting colour?		
9c. Audio signal?		
9d. Push button easy to operate?		
10. Traffic calming device (curb, bulb-out, speed bump, stamped asphalt, other)?		

If yes, specify type(s):

10. Cul-de-sac (dead-end street)?	go to D1	
10a. Walkway cut-through in cul-de-sac?		

Street characteristic notes:

## D. What is the quality of the environment?

	No	Yes
1. Any commercial buildings adjacent to the sidewalk?		
1a. Good access to the building(s)?
