TransLink delivers an integrated, regional transit and transportation system to over 2.4 million people
Today, more than ever, transit keeps our region moving

2016 Ridership: 4.5%
2017 Ridership: 6.1% (through July '17)

Until recently, we were stalled when it came to keeping up with transit investments

More crowding and pass ups on transit

Increased congestion
Our planning blueprint for multimodal transportation investments

**REGIONAL TRANSPORTATION STRATEGY**

- Strategic Framework
  - Half of all trips
  - Reduce distances people drive by one-third

Delivering the 10-Year vision: growing our system by making investments to meet today’s demand …

Delivering the largest service improvements in over a decade

Expanding rapid transit through the Evergreen Extension
... and shape our region into the future
