

MEMBER RELEASE

## Infrastructure Deadline Survey

To: Chief Administrative Officers  
Cc: Councils and Boards  
From: Gary MacIsaac, Executive Director  
Date: April 7, 2010  
Re: **UBCM Request for Information Regarding Infrastructure Deadline**

UBCM is preparing a submission for the House of Commons Standing Committee on Transport, Infrastructure and Communities to provide feedback on the March 31, 2011 deadline for infrastructure projects.

The Standing Committee passed the following motion at its March 25, 2010 meeting:

*That the Standing Committee on Transport, Infrastructure and Communities conduct a study of the impact of the government's deadline of March 31, 2011, for infrastructure stimulus projects and that it invite affected municipal and provincial infrastructure stimulus partners to discuss their ability to complete projects in time and what flexibility may be required to complete projects in a timely, cost effective and fair manner and that the results be reported to the House.*

In order to prepare our submission, we are asking all local governments implementing projects through the **Infrastructure Stimulus Fund (ISF)** and/or the **Building Canada Fund Community Component (BCFCC) top-up** to respond to the following survey by **Tuesday April 20, 2010**. Since only one response per community is required, we ask that you assign this task to one of your staff. The link is available at:
