**IMAGINE
WHAT IS
POSSIBLE**

Realities of food security.

- It's local.
- It's visible.
- It's messy.
- It's all worth it.

The people component.

- It's ideas.
- It's networks.

The big picture.

- Highways.
- History.
- Global.

The future is now.

- Technology
- Research and Development
- Closed Loops

Here's the thing.

“If things change then they will be different, but if they don't then things will stay the same.”
