

Community Child Care Space Creation Program

2019 Program & Application Guide

1. Introduction

The demand for licensed child care spaces in BC exceeds the existing supply, resulting in significant shortages across the province. Data from the Ministry of Children and Family Development indicates the shortage is most critical in terms of spaces for children aged 0-5 years. There is an opportunity for local governments to assist in meeting local needs by developing new licensed child care spaces within their own facilities.

Community Child Care Space Creation Program

The Community Child Care Space Creation Program will award up to \$1 million to local governments creating new licensed child care spaces within their own facilities for children aged 0-5, with a focus on spaces for infants and toddlers. An estimated 1,370 spaces are to be created under the program.

This funding is provided through the BC Ministry of Children and Family Development under the Canada-British Columbia Early Learning and Child Care (ELCC) Agreement, which will provide a total of \$153 million over three years to improve the delivery of child care services in BC.

The Community Child Care Space Creation Program is administered by the Union of BC Municipalities (UBCM).

2. Eligible Applicants

Local governments, including municipalities and regional districts, in BC are eligible to apply. Eligible applicants can submit one application per intake.

The Community Child Care Space Creation program is funded by the Government of Canada under the Canada-B.C. Early Learning and Child Care Agreement. If a project is partially funded by an additional capital program administered by the Government of Canada, the project may be ineligible to receive further funding under the Community Child Care Space Creation program.
