# Local Government Program Services

*...programs to address provincial-local government shared priorities*

June 5, 2007

The Honourable John Les  
Minister of Public Safety and Solicitor General  
Room 236, Parliament Buildings  
Victoria, BC  
V8V 1X4

Dear Minister Les:

I am pleased to present you with our Status Report on the provincially funded Emergency Planning Program (EPP) administered by the Union of British Columbia Municipalities.

One of the provincial government's legacies from recent years is the implementation of "Filmon Report" recommendations to increase emergency preparedness of communities across BC. The EPP has its roots in this provincial initiative, following the Premier's announcement in April of 2004.

Since its inception, the EPP has provided funding for 218 activities to improve local planning, regional collaboration and the preparation of emergency personnel through training and exercises. The program has reached every corner of the province and has been enormously popular with local government leaders and the volunteers who contribute to emergency services. With the expansion of the program in 2006 to include funding for First Nations communities, we expect the program to continue to expand in scope in coming years and build upon the foundations already established.

UBCM is proud to support the provincial initiative to increase local emergency preparedness through the administration of the Emergency Planning Program. Please contact me to discuss any questions you may have with regard to this report or the program.

Sincerely,

Brenda Binnie  
President

## PROGRAM OVERVIEW

### Background

The Emergency Planning Program developed as part of the provincial response to the firestorms that ravaged British Columbia during the summer of 2003.

In February of 2004 the provincial government released “Firestorm 2003 Provincial Review”, popularly known as the Filmon Report. On April 17, 2004 Premier Gordon Campbell announced that the government intended to implement all 42 recommendations from the Filmon Report and that a grant was being provided to the Union of BC Municipalities (UBCM) to assist local governments with the costs related to emergency planning.

One of the key Filmon recommendations was that legislation be amended to require regional districts to prepare emergency plans and establish emergency management organizations. This recommendation was subsequently mandated in Bill 54 (2004). The funding provided by the province through the EPP was intended to offset the new costs to local governments created by the legislation. UBCM received a grant of \$1 million to create the Emergency Planning Program (EPP) and began to distribute funds in the fall of 2004.

*Triage unit in Regional District of East Kootenays Pandemic exercise.*

### Program Developments

Prior to Bill 54, 88 of 164 electoral areas, representing two-thirds of the landmass in BC, were without written, current or adequate plans. This number was significantly

reduced in the first year of emergency planning funding and at present all regional districts have received funding for the planning activities and all have a plan or are in progress. For details on the funding distributed to local governments for planning activities during 2004-2007, see pp.19-31 in the Appendix.

Provincial funding for local government emergency planning was extended with \$1.5 million from the Ministry of Public Safety and Solicitor General in 2005. Additional funding by the Ministry of Aboriginal Relations and Reconciliation (MARR) in 2006 allowed the EPP to expand the scope of the program in two exciting ways.

First, a new funding category, **Integrated Emergency Planning**, was created. The purpose of integrated emergency planning funding is to provide neighbouring local governments and First Nations with resources to work together to improve and integrate emergency response capability. This funding is an acknowledgement of the important collaborative work among local governments and First Nations that has been developing in many regions of BC. Integrated planning provides a significant contribution to emergency preparedness by increasing the resource pool available to respond to emergency events and streamlining event coordination. The program has two phases: grants to assist planning activities and grants to implement planning activities. See pp. 13-16 for details on both funding phases for 2007.

The second expansion of the EPP was the inclusion of **First Nations** as eligible recipients for both emergency planning and integrated emergency planning funds during the 2007 year. The closing date for funding applications was March 31, 2007, and at time of writing, most First Nations applicants had just been approved to begin their planning activities. We look forward to profiling highlights from First Nations funding in our Status Report 2008. For details on First Nations funding activities for 2007, see the tables on pp. 17-18.

## Purpose

The purpose of the EPP is to provide funding to local governments that assists:

- Expanding emergency plans to cover all regional districts as well as municipalities
- Updating local emergency plans to become BCERMS compliant
- Conducting Hazard, Risk, and Vulnerability Analyses (HRVA)
- Exercising existing emergency plans
- Training related to emergency planning, response and recovery.

## Program Synergies

The EPP was designed to complement other programs that respond to recommendations arising from the “Filmon Report”:

**Strategic Wildfire Prevention Initiatives** provides funding that allows communities to conduct hazard assessment and take steps to mitigate the risk of interface fire. Funding is provided by the **Ministry of Forests and Range** and administered by UBCM.

**Community Structural Protection Units** are deployed to assist in protection for community structures when an evacuation alert is issued due to wildfire threat. Purchased with funding provided by the **Ministry of Community Services**, the units are owned by UBCM and jointly managed under a Memorandum Of Understanding with the **Ministry of Forests and Range** and the **Office of the Fire Commissioner**.

UBCM staff also assists the **Provincial Emergency Program (PEP)** by co-facilitating workshops and distributing information to local governments. The EPP also complements the federally funded **Joint Emergency Preparedness Program (JEPP)**.

## Accountability

The funding criteria for the Emergency Planning Program have been developed in cooperation with staff from PEP.

The emergency planning fund provides 50% of funding upon application approval with a 50% pending approval of the final report. Applications for which final reports have been approved are considered complete.

The integrated emergency planning fund provides 75% of funding upon application approval with a 25% holdback pending final report approval. PEP assists in the adjudication of integrated emergency planning applications.

Applicants for both funding categories must provide a Community Emergency Program Review with their application and final reports to provide a measure on the improvement of emergency preparedness in their communities.

## About this Report

This report will provide the reader with an overview of the program with a series of program highlights (pp. 5-9) that describe how local governments in BC are using EPP funding to improve emergency preparedness in their communities.

We are also providing a set of charts (pp. 9-10) demonstrating the distribution of funds by funding category, activity, and area association.

Program guides and audited financial reports are available at: [www.civicnet.bc.ca](http://www.civicnet.bc.ca) Programs & Services/ Local Government Program Services.

## Program Highlights: Plans in Action

*Staff from the Village of Hazelton engaged in sandbagging operations during the 2007 flood watch.*

In 2005, the **Village of Hazelton** completed a Community Emergency Response / Recovery Plan based on the BCERMS model. In that same year, Hazelton applied for funding to the EPP to complete an HRVA further improve their plan. The work undertaken

by Hazelton has coincided with planning activities by the **Gitanmaax** First Nation. By sharing their plans, the two communities have been able to coordinate activities during the lead-up to the thawing of the 2007 snow-pack. The investment in planning over recent years is paying dividends this year with flood watch activities that have included town hall meetings with personnel from the Ministry of Forests, First Nations, hospitals, other local governments and the RCMP to coordinate roles and communication.

*Elizabeth Apartments fire in Prince Rupert – one of several recent emergency events for the City.  
Photo: Prince Rupert Daily News*

The **City of Prince Rupert** has used EPP funding to conduct a risk hazard assessment and update their Community Emergency Plan – the first update since 1991. The new information has broadened the scope of the plan to provide contingencies for pandemics, tsunamis and biohazard events. The enhanced plans also contributed to reviving the local Emergency Social Services and Emergency Operation Command teams. Both teams have been called upon several times in recent years: providing a registration center for evacuees after the sinking of the “*Queen of the North*” and arranging accommodation for over 250 people over a six-day period during a landslide that cut off the city’s main gas pipeline. During an apartment fire that destroyed an apartment building, the ESS provided temporary shelter for 60 people and arranged a “free market” of common household items for the victims.

## Program Highlights: Training

*During a severe windstorm Dec. 15, 2006, Port Moody Firefighters utilized incident command training*

The **City of Port Moody** has used Emergency Planning funding for a variety of purposes including the development of their first High Risk Virus Plan in 2005. Like many communities, Port Moody

has also accessed funding for staff training. All first line staff for the EOC – 20 in total – has received Level 2 training. In the past year a team of firefighters and city staff also received Incident Command training. Current funding will provide EOC Level 3 training for another 20 staff (to cover issues such as planning, logistics, operations and finance) and Crisis Communications training for two additional personnel.

*Esquimalt Emergency Social Services volunteers at a 2006 training event*

The **Township of Esquimalt** has found that training events have dramatically increased the understanding of staff roles and responsibilities during an emergency. With 20 city staff now trained up to EOC Level 3, Esquimalt now has a large

complement of personnel who are prepared to respond to a variety of emergencies. The use of exercises has also provided a valuable check on their logistics and emergency infrastructure. A 2006 EOC exercise allowed staff to coordinate with the volunteer Emergency Social Services team and revealed the need to upgrade the existing auxiliary generator for the Municipal Hall.

## Program Highlights: Exercises

*Participants at 2006 Maple Ridge exercise*

On November 28, 2006 the **District of Maple Ridge** used their Emergency Planning funding to contribute to an exercise at the Alouette Dam in partnership with BC Hydro. While providing 30 municipal staff with an opportunity to practice the training they had received in

a formal learning environment, the exercise also served to identify the need to improve inter-agency coordination procedures and clarified the regulatory requirements during an event. Representatives from the Ministry of Environment's Water Stewardship Division observed the exercise.

### *Triage at RDEK's 2006 pandemic exercise*

The 2006 exercise organized by **East Kootenay Regional District** was the first ever in BC to stage a pandemic exercise involving five distinct components: Home Assessment Teams, EOC operations, an Alternative Treatment Center, Incident Command and a Flu Line. The Emergency Planning

program funded the workshops in preparation for the exercise. Staged in Cranbrook, the exercise gathered over 200 participants from the RDEK, **Cranbrook, Kimberly, Ktunaxa First Nations, the Interior Health Authority** and 30 other agencies participated. Observers included representatives from PEP and the Ministry of Health. The exercise proved that all five components are useful in a time of crisis, but further work needs to be done to prepare the Home Assessment Teams and to refine incident command communication procedures.

## Program Highlights: First Nations Collaboration

*The 2005 slide that closed the road into Bella Coola led to the creation of an EOC in the Nuxalk Administration office*

Many local governments in BC are building collaborative relationships with neighbouring First Nations communities through the activities of Emergency Planning.

### **Central Coast Regional**

**District (CCRD)** began building its relationship with the **Nuxalk Nation** during a heavy rainfall event in 2004 by having the EOC liaise with the Nuxalk fire chief. Bella Coola Valley has since entered into an agreement with the Nuxalk Nation to share emergency services and the Nuxalk Emergency Coordinator has become a member of the CCRD Emergency Executive Committee. Collaboration has enriched the pool of resources available to both and has created new funding opportunities by stacking federal and provincial funding.

*Early runoff from the 2007 thaw in Enderby  
Photo: North Valley Echo*

**Armstrong, Spallumcheen and Enderby** have shared a protocol outlining the allocation of resources and staff as well for a number of years. Through the initiative of their emergency program coordinator, an invitation was made to the **Splatsin First Nation** to join the three municipalities' integrated planning process. The invitation to join in integrated planning was approved by the

Band Council in May of 2007. The four parties have completed the Phase 1 workshop together and preparations to enter into phase 2 are underway. The four parties share other training opportunities and resources with the goal of eventually creating a four-way agreement. The Emergency Planning Program has supported their training and discussions.

## Program Highlights: Integrated Planning

*Hixon Ice Jam, 2006*

Emergencies that are regional in scope require a regional response. Flooding from the Hixon ice jam in January of 2006 demonstrated the need for communities to work together in the event of an emergency. The **Regional District of Fraser-Fort George**

is using their Integrated Emergency Planning Grant to determine the feasibility of developing an integrated approach to emergency planning, response and recovery throughout their district. Directed by a working group with representatives from **Prince George, Mackenzie, McBride and Valemont** as well as the **Lheidli T'enneh Band and the McLeod Lake Band**, the study is expected to uncover economic efficiencies, make recommendations for the sharing of staff and provide an improved management plan for emergency response.

*Staff from various formal partners at a CVRD Emergency Management Committee training session*

The **Cowichan Valley Regional District (CVRD)** created an Emergency Management Agreement in 2001 establishing criteria for the sharing of resources in the event of a regional emergency. The CVRD used Emergency Planning funding during the renewal of the Agreement in 2006 to create an integrated plan. The plan contains contingencies for 19 different emergency events and provisions for the establishment of an Emergency Operating Center (EOC) in one of five locations in the valley. The local governments of **Duncan, Lake Cowichan, North Cowichan, and Ladysmith** along with the **First Nations Cowichan Tribes, Penelakut Band** and the **Halalt Band** are now formal partners to the agreement. The CVRD is currently developing personal preparedness workbooks with a goal to distribute one to every resident in the valley.

## Charts: Distribution of Activities and Funding

The chart below illustrates the strong response of applicants to the launch of emergency planning funding in 2004 and integrated emergency planning funding in 2007.

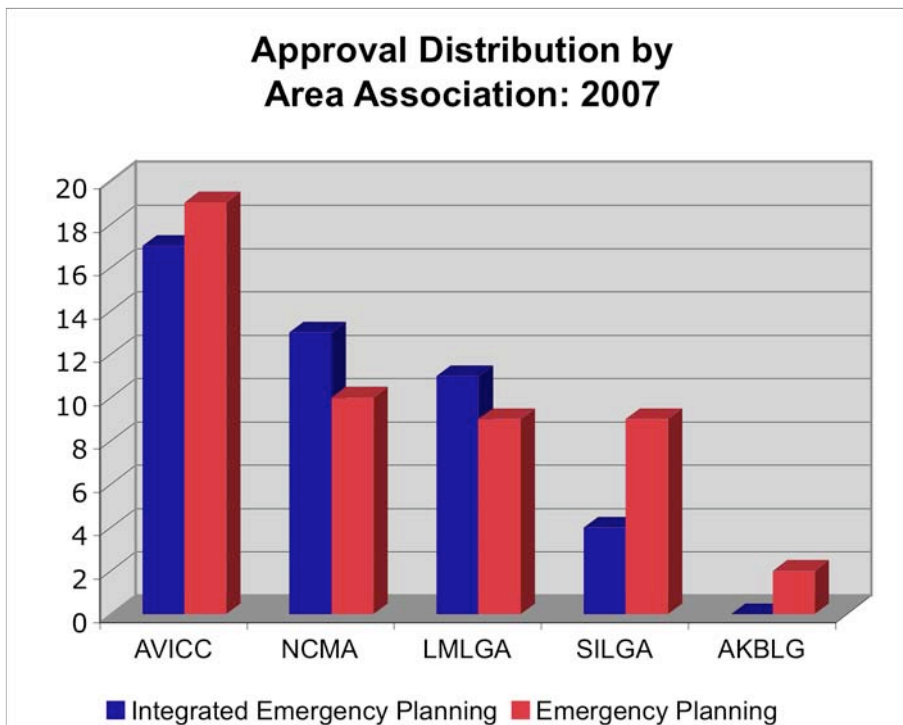

The chart below illustrates the distribution of activities funded over the course of the program.

## Charts: Distribution by Area Association

The following charts demonstrate the distribution of funding through across the area associations of BC. The chart for 2007 reflects the increased approval activity in 2007 with the inclusion of integrated plan funding and First Nations funding for both program categories.

**Financial Synopsis of Emergency Planning Program  
2004-2007**

**Funding provided by Ministry of Solicitor General and Public Safety**

Funding for 2004 Local Government Emergency Planning	\$1,000,000.00
Funding for 2005/2006 Local Government Emergency Planning	\$1,500,000.00

<b>Total funds available:</b>	<b>\$2,500,000.00</b>
-------------------------------	-----------------------

2004 program grants	\$827,038.73
2005 program grants	\$414,583.44
2006 program grants	\$327,174.91

<b>Less total grant commitment</b>	<b>\$1,568,797.08</b>
Less administrative costs, workshops, et al (3 years)	\$60,000.00

<b>Funds available for Integrated Planning and 2007 Emergency Planning programs for Local Governments</b>	<b>\$871,202.92</b>
---	---------------------

Additional funding from MARR to facilitate FN programming component	\$500,000.00
---	--------------

<b>Total funds available for Integrated Planning Program and 2007 Emergency Planning programs for Local Governments and First Nations</b>	<b>\$1,371,202.92</b>

## 2007 Integrated Emergency Planning - Phase 1

Lead Community	Application Description	Application Status	Funds Committed
Abbotsford	Facilitated meetings with Abbotsford, Matsqui and Sumas First Nations.	Completed	\$2,000.00
Armstrong	Facilitated discussions with Armstrong, Enderby, Spallumcheen and Spallumcheen First Nation.	Completed	\$2,000.00
Bulkley-Nechako	Facilitated discussions with Regional District of Bulkley-Nechako for Burns Lake Sub-Region (RD, Village of Burns Lake, Lake Babine Nation, Burns Lake Band, Skin Tyee Nation, Nee-Tahi_Bun Indian Band and Cheslatta Carrier Nation.	Completed	\$2,000.00
Bulkley-Nechako	Facilitated discussions with Regional District of Bulkley-Nechako for Fort St. James sub-region (RD, District of Fort St. James, Yekooche First Nation, Tl'azt'en Nations, Nak'azdli Band and Takla Lake Band).	Completed	\$2,000.00
Campbell River	Connecting City of Campbell River with Campbell River Indian Band, Cape Mudge Indian Band and Kwiakah First Nation.	Completed	\$2,000.00
Cariboo	Facilitated discussions with Cariboo Regional District with Williams Lake Indian Band, Stone Indian Band, Alexis Creek Indian Band, Soda Creek First Nation, Ulkatcho First Nation, as well as Canim Lake, Nemiah Valley, Kluskus, Alkali Lake, Nazko First Nation	Completed	\$2,000.00
Central Coast	Facilitated discussions with Central Coast Regional District, Heiltsuk Nation, Nuxalk Nation, and Oweekeno-Wuikinuxv Nation, along with Ocean Falls Improvement District and Denny Island.	Approved	\$2,000.00
Central Saanich	Facilitated discussions with Central Saanich, North Saanich, Tsartlip, and Tsawout	Completed	\$2,000.00
Comox-Strathcona	Facilitated discussions with Comox Valley Emergency Program (Comox, Courtenay, Cumberland, CSRD) and Northern Communities Emergency Program (Campbell River, Gold River, Tahsis, Zebellos, Sayward and CSRD).	Approved	\$2,000.00
Cowichan Valley	Facilitated discussions between CVRD, Duncan, Cowichan Tribes, North Cowichan.	Approved	\$2,000.00
Delta	Facilitated discussions with neighbouring communities of Tsawassen and Musqueam First Nations	Approved	\$2,000.00
Fraser-Fort George	Facilitated discussions with RD, Prince George, Mackenzie, McBride, Valemount, Lheidli T'enneh, McLeod Lake	Completed	\$2,000.00
Gold River	Facilitated discussions with Gold River and Mowachaht/Muchalaht First Nation	Completed	\$2,000.00
Kitimat	Facilitated discussions between District of Kitimat and Kitimat Village Council (Haisla Nation).	Completed	\$2,000.00

<b>Lead Community</b>	<b>Application Description</b>	<b>Application Status</b>	<b>Funds Committed</b>
Masset	Facilitated discussions with Queen Charlotte Islands Emergency Preparedness: Masset, Port Clements, Old Massett Band Council, Tow Hill Community.	Completed	\$2,000.00
Nanaimo RD	Facilitated discussions with Nanaimo RD, Nanaimo, Parksville, Qualicum Beach, Lantzville, Snuneymuxw, Nanoose and Qualicum First Nations.	Completed	\$2,000.00
North Vancouver City	Facilitated discussions with City of North Vancouver, District of North Vancouver, District of West Vancouver, Squamish Nation and Tsleil-Waututh Nation.	Completed	\$2,000.00
Peace River	Facilitated discussions with Peace River region local government's and First Nations	Completed	\$2,000.00
Pitt Meadows	Facilitated discussions with Pitt Meadows, Maple Ridge, and Katzie Indian Band	Completed	\$2,000.00
Queen Charlotte	Facilitated discussions with Skidegate Band and Queen Charlotte.	Completed	\$2,000.00
School District 78	Facilitated discussions with SD 78, FVRD, Hope, Kent, Harrison, Chawathal FN, Spuzzum FN, Sto:lo FN, and other stakeholders	Completed	\$2,000.00
Ucluelet	Facilitated discussions with District of Ucluelet, District of Tofino, Ucluelet East First Nations, Ahoushat First Nations and Taloquiat First Nations.	Completed	\$2,000.00
Vernon	Facilitated discussions with North Okanagan Regional District, Lumby, Okanagan Indian Band and Vernon/Coldstream.	Completed	\$2,000.00
<b>Sub-Total</b>			<b>\$46,000.00</b>

## 2007 Integrated Emergency Planning - Phase 2

Lead Community	Application Description	Application Status	Funds Committed
Abbotsford	Safe in your back yard: program to educate public on personal preparedness, neighbourhood preparedness, and community preparedness. Partnership between Abbotsford, Sumas FN and Matsqui FN. (1 LG/2FN)	Approved	\$35,000.00
Enderby	Examine legislative frameworks within which local governments and First Nations operate, to determine ways in which FN's can coordinate their efforts and resources: Armstrong, Enderby, Spallumcheen, Splots'in Nation (3 LG/1FN)	Approved in principle	\$35,000.00
Bulkley-Nechako	Process outline for integration of multiple plans in a rural area. BNRD, Burns Lake, Fort St. James, Lake Babine Nation, Nee Tahí Buhn, Nak'azdli, Tl'azt'en Nation, Burns Lake Band, Cheslatta Carrier Nation, Wet'suwet'en FN, Yekooche FN, and Takla Lake (3 LG/9FN)	Approved	\$35,000.00
Campbell River	Campbell River, Campbell River Indian Band, Cape Mudge Indian Band and Kwíakah First Nation: Granted extension to application deadline	Pending	\$35,000.00
Cariboo	Development of 'Quick Guide" emergency response guide and process for ESS recruitment for rural jurisdictions Cariboo RD, Carrier Chilcotin Tribal Council, Soda Creek IB, (1 LG/2FN)	Approved in principle	\$35,000.00
Central Coast	Intregrated EM Plan for CCRD, Denny Island, Nuxalk, Heiltsuk and Wuikinuxv Nations (1LG/4FN)	Approved	\$35,000.00
Central Saanich	Strategy plan for establishing ESS on FN lands that match neighbouring plans with cultural considerations Collaboration between Central Saanich, North Saanich, Tsawout, Tsartlip, Pauguachin, and Tseycum FN (2LG/4FN)	Approved	\$35,000.00
Columbia Shuswap RD	Integrated project with CSRD, Salmon Arm, Sicamous, Adams Lake, Little Shuswap, Neskonlith, Okanagan and Spallumcheen FN	Pending	\$35,000.00
Comox-Strathcona	Integration of planning with a rural recovery component; CSRD/K'omoks FN (1LG/1FN)	Approved	\$29,255.00
Cowichan Valley	Contingency flood plan - identify vulnerabilities and resource locations CVRD, North Cowichan, Duncan, Cowichan Tribes (3LG/1FN)	Approved	\$35,000.00
Delta	Development of an integrated plan with a hazardous waste planning template included in the final product. Delta/Tsawwassen (1 FN/1LG)	Approved	\$35,000.00

Lead Community	Application Description	Application Status	Funds Committed
Fraser-Fort George	Joint EOC plan for a larger, higher populated regional district. FFGRD, Prince George, Mackenzie, McBride, Valemount, Lheidli T'Tenneh, McLeod Lake (7LG/2FN)	Approved	\$35,000.00
Gold River	Personal preparedness; Tracking tool for Disaster Resilience improvements - public education Gold River, Mowachaht/Muchalaht FN (1LG/1FN)	Approved in principle	\$35,000.00
Nanaimo RD	Regional ESS plan with template for mutual aid agreements; RDN, Nanaimo, Parksville, Qualicum Beach, Lantzville, Snuneymuxxw, Nannose and Qualicum FN (6 LG/3 FN)	Approved	\$25,000.00
Nanaimo RD	Will re-write "capital purchase" portion of grant to include planning activities; on approval will re-assess to \$35,000	Approved in principle	\$10,000.00
North Vancouver City	Integrated emergency plan with urban recovery template and stakeholder identification North Vancouver, West Vancouver, Squamish Nation and Tsleil-Wauthuth Nation (2LG/2FN)	Approved in principle	\$35,000.00
Pitt Meadows	Flood exercise template focused on transportation risks and vulnerabilities of community surrounded by water ways Maple Ridge, Pitt Meadows, Katzie FN. (2 LG/1 FN) PROJECT WILL BE DELAYED DUE TO SPRING FRESHETTE	Approved in principle.	\$35,000.00
School District 78/Fraser Valley Regional District	Developing an EOC in a school. FVRD, Hope, Chawathil, Boothroyd, Spuzzum and others (est 4 LG/4FN)	Approved	\$35,000.00
Ucluelet	Communications protocol development with Ucluelet, Tofino, Ahousaht, Hesquiaht, Tla-o-qui-ahl, Toquaht, and Ucluelet FN (2 LG/5FN)	Approved in principle	\$11,000.00
Vernon	Integrated planning with emphasis on regional ESS support team Vernon, Coldstream, NORD, Okanagan Indian Band, Lumby (5LG/1FN)	Approved in principle	\$35,000.00
<b>Sub-total</b>			<b>\$635,255.00</b>
<b>Financial Summary - Integrated Planning Program</b>			
Phase 1 grants			<b>\$46,000.00</b>
Phase 1 facilitation costs (including travel)			<b>\$46,000.00</b>
Phase 2 grants			<b>\$635,000.00</b>
<b>Total Funds Committed to Program as at March 31, 2007:</b>			<b>\$727,000.00</b>

## 2007 Emergency Planning: First Nations

Applicant(s)	Application Description	Application Status	Funds Committed
Beecher Bay First Nation	Update emergency plan	Approved	\$5,000.00
Boothroyd Band	Revisit Emergency Plan, provide training and HVRA	Approved	\$5,000.00
Boston Bar First Nation	HRVA, Emergency Plan Review and Updating, Exercises and Training.	Pending	\$5,000.00
Burns Lake Band	Participate in an integrated planning process, research use of the Gathering Place facility, research other funding opportunities.	Extension granted	\$5,000.00
Cheslatta Carrier Nation	Develop a Community Emergency Program Plan and community communications system.	Approved	\$5,000.00
Ditidaht First Nation	Hold community information meetings and review existing plan.	Approved	\$5,000.00
Esquimalt Nation	Complete plan review, access awareness materials, HRVA, prepare educational materials, exercise and develop procedures.	Approved	\$5,000.00
Hesquiatht First Nation	Updating current plan, purchasing a community siren/evaluation notice, updating communications system.	Pending	\$5,000.00
Hupacasath First Nation	Emergency procedures, public education, schedule for trials of EP procedures, form an EP Committee.	Approved	\$5,000.00
Huuayaht (Ohiaht) First Nation	Emergency training to build capacity in Emergency Response ( Band Council Resolution to follow)	Pending	\$5,000.00
Lax Kwalaams Band	Update emergency plans, conduct HRVA, exercise and training.	Approved in principle	\$5,000.00
Metlakatla Band	Emergency plan upgrading	Approved	\$5,000.00
Musqueam Band	Begin process of establishing a Community Emergency Preparedness Plan.	Approved	\$5,000.00
Nakazdli Band	Preparedness assessment and readiness mapping project.	Pending	\$5,000.00
Namgis First Nation	Updating plan, conduct and schedule table top exercises and provide training.	Pending	\$5,000.00
Nee Tahi Buhn	Training activities	Pending	\$5,000.00

<b>Applicant(s)</b>	<b>Application Description</b>	<b>Application Status</b>	<b>Funds Committed</b>
Oweekeno-Wuikinuxv Nation	HRVA.	Approved in principle	\$5,000.00
Saulteau First Nations	Emergency plan upgrading	Approved	\$5,000.00
Shxw'owhamel First Nation	Re-establish an Emergency Preparedness Committee and training.	Pending	\$5,000.00
Siska Indian Band	HVRA.	Approved	\$5,000.00
Skidegate Band	Training.	Approved	\$5,000.00
Skowkale First Nation	Provide training with Yekooche First Nation .	Approved	\$5,000.00
Songhees Indian Band	Emergency Plan development	Approved	\$5,000.00
Spuzzum First Nation	Garner support and educating community risks, establish a planning committee and identify an emergency response coordinator, HVRA	Approved	\$5,000.00
Treaty 8 Tribal Association	Expression of interest - formal application to follow .	Expression of Interest	\$5,000.00
Ts'kw'aylaxw First Nation	Provide training, update and exercise an Emergency Plan, and conduct and complete a HRVA	Approved	\$5,000.00
Tseshah First Nation	Three session workshop on emergency preparedness	Approved	\$5,000.00
Tseshah First Nation	2007 Emergency Planning Activities	Pending	\$5,000.00
Uchecklesah Band	Complete development of Emergency Response Plan, a HRVA and response planning	Approved	\$5,000.00
Wet'suwet'en First Nation	Updating emergency plans, conduct HRVA, exercise existing emergency plans, and provide training.	Extension granted	\$5,000.00
<b>Total Funds Committed</b>			<b>\$150,000.00</b>

## 2007 Emergency Planning: Local Governments

Applicant(s)	Application Description	Application Status	Funds Committed
Abbotsford	Full-scale exercise (Exercise Elctra 2007)	Approved in principle	\$5,000.00
Campbell River	Training and exercising activities.	Approved	\$5,000.00
Cariboo		Approved	\$5,000.00
