Gary MacIsaac
Email: gmacisaac@ubcm.ca

Dear Gary:

I write to inform you that, at this time, I do not anticipate that the prospective 9-1-1 Bill will be tabled during the Spring 2020 legislative session. As a member of the 9-1-1 steering committee, your dedication and hard work provided Government with critical information into the complex framework of 9-1-1 services in British Columbia. I sincerely thank you for the time and efforts you have put into this project over the past several months.

Our Ministry will continue to keep you apprised if and when new developments arise regarding the 9-1-1 initiative and the Province of BC's role in the complex landscape of 9-1-1 emergency communications.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Sieben".

Mark Sieben
Deputy Solicitor General
