UBCM 2021

WE VALUE OUR PARTNERS

Yes we value property, but we also value our partners and respectfully acknowledge the Indigenous peoples on whose traditional territories we live and work. Each year, our trusted property assessments provide the foundation for **over \$8 billion** in revenue to support the important services you provide your communities.

We're here to help you:

- Access property assessment information online with our Assessment Search service
- Answer any assessment related questions
- Support sustainable financial planning in your community

Remember when we said “normal” without the “new” preamble? And who would have thought that we would yearn for those simple times? We all agree that the playbook is gone. But here’s the good news—we’ve got this. Even before 2020 picked up the world and shook it, local governments were adaptive and nimble. We are a responsive order of government, capable of pivoting to face a future filled with unique obstacles and unmatched opportunities.

These attributes will serve us well in this next phase, as we juggle economic recovery and reopening with the ongoing work of local government. And of course, the pressing issues that ran parallel to this pandemic—climate, infrastructure, housing— remain priorities. The work ahead is multi-faceted and will require considerable balance. Luckily, we’ve become masters of balance. Grocery orders between Zoom calls, reviewing reports and homeschool assignments, connecting with our communities *and* managing spotty wi-fi. We have built our multi-task toolkit and are ready for the work ahead.

Like all things, Convention will look different this year. But the work and intent of Convention remains unchanged. We will generate dialogue about the hurdles we face. We will reconnect to pursue priorities and build policy. We will hear from leaders and innovators. All of the learnings, none of the buffet line-ups.

Join us as we build momentum to overcome obstacles and uncover the opportunities ahead.

DELEGATE SERVICES

Delegate Support During Convention

For **urgent** or **Convention-related** matters, please call the UBCM Richmond office 604.270.8226. If you experience technical difficulties during the Convention, please use the “Help Desk” chat at the bottom left of your screen. You will be able to chat directly with a technical event assistant. This will be the fastest way to receive assistance during the Convention.

For the most up to date event instructions and support please see the “Help” tab in the left hand menu of the Convention lobby. Alternatively, these instructions are also located on the 2021 Convention webpage at ubcm.ca

Contact Details:

The fastest way to receive support during the Convention will be via the “Help Desk” chat button on the bottom left of the Convention platform.

Virtual Delegates’ Lounge

Navigate to the Virtual Lounge in the left menu bar of the Convention Lobby. While the Lounge may be virtual, the connections you make here are real! This is one of the most important areas on the platform as this is where you can find profiles for everyone participating in this year’s Convention. Any Delegate (or speaker, sponsor, staff and exhibitor) that have chosen to make their profiles visible will be found under the PEOPLE tab.

As soon as you receive your credentials for the UBCM Virtual Portal, you can begin networking with old colleagues and friends with a private one-on-one chat message or by live video call. Now with a simple click you can start reaching out to create new local government contacts, forge new business relationships and make key industry connections.

From the GROUPS tab, you can click to jump into a group discussion on a topic that interests you. You’ll be joining a special live video chat with up to twenty-five of your fellow Delegates. Why not plan to host your own group conversation and invite colleagues, both old and new, to meet-up under the GROUP tab “in the Delegates’ Lounge”? Encourage them to ask others to connect, communicate, share info and help spark the conversation. And here’s a Virtual Lounge Pro Networking Tip: any time you see a green halo around a Delegate’s face or avatar, that means they are participating live somewhere on the convention platform, reach out and connect right now!

UBCM Virtual Tradeshow

Take a digital stroll through our virtual Tradeshow. Connect with exhibitors specializing in the local government sector to learn about new solutions, services and effective practices, or discover new contacts and explore potential partnerships to enhance your community. From the Convention Lobby, click on Tradeshow in the left hand menu.

As soon as registered Delegates receive their credentials, they can access the Tradeshow and begin browsing booths in the 3D floor plan, or use the search function to find exhibitors to preview their organization’s bios, watch pre-recorded content, and download any handouts in their virtual library.

The Tradeshow will be open and available for the duration of the UBCM Convention, with the daily show schedule set up to coincide with core Convention programming. We have also set aside dedicated agenda breaks offering ‘non-conflict’ time between sessions where exhibitors will be standing by online, ready and eager to answer Delegate questions.

Starting Tuesday morning, September 14th through Friday morning, September 17th check the Program for these special time blocks called Delegate Break - Join Exhibitors LIVE in the Tradeshow. Step into any exhibitor’s booth and join their global chat stream or click to connect with any of the named booth managers directly. While inside the virtual booth, Delegates can engage in a private text exchange or click the ‘Join Live’ button to launch a 1:1 video chat where you can even share screens and include multiple colleagues on the video call.

Can we lower greenhouse gas emissions while meeting future energy needs?

It's possible when we rethink how we use energy. By partnering with B.C. communities, industry and government to use the strengths of our natural gas and electricity systems, B.C. can achieve its emission reduction target for nearly \$100 billion less than if we relied on electricity as a single energy source.*

We're investing in more renewable energy options and lower-carbon fuels, building more electric vehicle charging stations and helping all of our customers be more energy-efficient. Our goal is to reduce our customers' GHG emissions by 30 per cent by 2030. We call this 30BY30.

Now *that's* energy at work.

Check our progress at fortisbc.com/30BY30.

UBCM is excited to feature our first-ever UBCM Kick-Off Networking Night, hosted online. This will truly be a special virtual adventure not to be missed! All registered Delegates will be given exclusive and seamless access to the Spatial Chat environment, directly through the Pheedloop virtual Convention platform.

Given the Convention's overarching theme of Obstacles to Opportunities, we've assembled a diverse group of thought-provoking speakers to challenge, inspire and push the limits of your thinking. They hail from varying backgrounds with deep passions ranging from Technology and Leadership to Child Care Advocacy, Pandemic Burnout and Resiliency. Join this incredible group of creators, connectors and leaders to learn how as individuals we may grow, and explore how we might all live and work together better with the ultimate goal of impacting and uplifting our communities.

There will be ample time to mix and mingle virtually with your fellow delegates and enjoy informal conversation and idea sharing.

Ensuring Local Government Financial Resiliency

Presenters:

Maja Tait, UBCM Past President / Member, UBCM Select Committee on Local Government Finance

Lyn Hall, Mayor, City of Prince George / Co-Chair, UBCM Select Committee on Local Government Finance

Mike Buda, Executive Director, Mayors' Council on Regional Transportation / Member, UBCM Select Committee on Local Government Finance

Al Richmond, Director, Cariboo Regional District / Co-Chair, UBCM Select Committee on Local Government Finance

Details: The 2021 UBCM policy paper builds upon a 2013 UBCM paper, Strong Fiscal Futures, by focusing on cost drivers – one of the priority action items identified in the earlier policy paper. The report identifies three objectives: addressing local government cost drivers in housing, community safety and climate change; addressing the impacts the 'New Economy' will have on the local government financial system; and establishing an effective partnership with the Province to improve the local government financial system.

The session will provide an overview on the UBCM Select Committee on Local Government Finance's approach, process and deliverables, with a Q & A session for delegates. This policy paper (Policy Paper #1) will be brought forward for endorsement during the Wednesday Resolutions session.

Housing Prospects, Trends & Key Issues

Presenters:

Jill Atkey, CEO, BC Non-Profit Housing Association
Dr. Penny Gurstein, Professor, University of British Columbia
Dr. Alina Turner, Co-President & Co-Founder, HelpSeeker Technologies

Details: Responses to the pandemic over the past year prompted an increased demand for homeownership, a flight from urban cores to suburbs and rural areas, and significant investments towards tackling homelessness. As we emerge from the pandemic, all orders of government are faced with a complex and shifting housing landscape. This session will bring together a diverse panel to explore some of the major trends and key issues impacting housing and affordability in British Columbia in coming years.

Meeting the Need: Shared RD Services

Presenters:

Meriko Kubota, Regional Social Planner, City of Powell River
Kai Okazaki, Social Planner, City of Burnaby
Steve Botham, Manager of Information Technology, Fraser-Fort George Regional District
Russell Dyson, Chief Administrative Officer, Comox Valley Regional District
Shawn Tomlin, Chief Administrative Officer, Regional District of East Kootenay
Pamela Shaw, Planning Consultant, K'omoks First Nation

Details: Regional Districts are finding unique ways to offer services in their regions to save on costs, improve access to expertise, provide consistency, and increase collaboration among partners. Presenters:

Honourable Melanie Mark, Minister of Tourism, Arts, Culture and Sport

Ingrid Bron, Director of Community Economic Development, City of Revelstoke

Allison Colthorp, Executive Director, Tourism Chilliwack

Krista Vandersteen, Regional Development Officer, Northern Rockies Regional Municipality

Details: British Columbia's tourism industry is one of the economic sectors hardest hit by the COVID-19 pandemic. It is going to take several years to fully recover and depends on effective cooperation between local governments, the tourism industry, and the provincial government. In this session, delegates will hear from the provincial government on the outlook for recovery as well as policies, development funding, and marketing levers that are supporting community tourism in the short and long term. Delegates will have the opportunity to hear from other local governments about best practices for strengthening community support for tourism, leveraging investments in destination development to support recovery, and opportunities for tourism to be a sustainable community economic generator and community resilience builder.

Global Warning: Lessons from the 2021 Heat Wave

Presenters:

Honourable Adrian Dix, Minister of Health, Province of BC

Patrick Johnstone, Councillor, City of New Westminster

Barbara Roden, Mayor, Village of Ashcroft

Dr. Sarah Henderson, Scientific Director, Environmental Health, BC Centre for Disease Control

Dr. Bonnie Henry, Provincial Health Officer, Province of BC

Johanna Wagstaffe, Meteorologist / Science Reporter, CBC News Vancouver

Details: Earlier this year, the province experienced an extreme heat wave, leading to unprecedented temperatures and more than 570 heat-related fatalities. All orders of government were left scrambling to address the immediate impacts, including subsequent wildfires, while long-standing systemic vulnerabilities (e.g. emergency response, communication) and a lack of preparedness became even more evident. In addition to examining lessons learned, this session will discuss what can be done to adequately prepare for future extreme weather events in the face of worsening climate change and global warming.

1:00 PM – 2:00 PM

Presenters:

Rick Mercer, Political Satirist, Canadian Comedian, Author

Jody Vance, Freelance Journalist / Columnist

UBCM is very pleased to welcome Canadian comedian, political satirist and author, Rick Mercer as the 2021 Keynote Speaker. Mercer will be interviewed by Jody Vance.

Rick Mercer's top-rated, award-winning CBC show, *The Rick Mercer Report*, routinely trampled even its American competitors in the ratings. The show featured Mercer's trademark rants, satirical newscasts, commercial parodies, and comic encounters with famous Canadians, talking about Canada. More than any other comedian (or journalist for that matter), he talks to Canadian newsmakers with a refreshing candour, and is uniquely able to spin topical hilarity from the people and the things deeply embedded in the national consciousness.

Mercer, who hails from St. John's Newfoundland, is best known for his work on the CBC Television comedy shows *This Hour Has 22 Minutes*, *Made In Canada* and *The Rick Mercer Report*. He is the author of four books all of which have been national best sellers. Mercer has received nearly 30 Gemini Awards and Canadian Screen awards for his work on television. He is also a recipient of the Governor General's Performing Arts Award for lifetime achievement, and in 2014 was appointed an Officer of the Order of Canada.

Modernizing Forest Policy in BC

Presenters:

Mike Pedersen, Executive Director, Modernizing Forest Policy Engagement, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Rachael Pollard, Director, Resource Practices Branch, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Ariel Taylor, Manager, Indigenous Consultation & Negotiation, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Brian Bawtinheimer, Executive Director, Resource Stewardship Division, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Margaret Gibbs, Director, Provincial Stewardship Strategies, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Patrick Russell, Manager Timber Tenures, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Details: The Modernizing Forest Policy in BC session will be a chance for Provincial government staff to speak about, and hear from local government leaders on, changes to forest policy. This will be an interactive workshop focused on three key areas of modernizing forest policy:

1. Planned policy changes outlined in the Modernizing Forest Policy Intentions Paper with a focus on an improved program to provide fibre to higher value wood product manufacturers, starting a phase out of slash burning, and revising pricing policy for area based tenures like Community Forest Agreements, among other topics.
2. The latest work to improve the Forest and Range Practices Act (FRPA), including efforts to align with the Declaration on the Rights of Indigenous Peoples Act and the introduction and transition towards a new forest landscape planning regime that will enable the opportunity for shared decision-making and enhanced engagement of communities and stakeholders.
3. The identified process (to mid-2023) to develop a new Old Growth Strategy for B.C. This new strategy will be developed by addressing the recommendations in the Old Growth Strategic Review Report (A New Future for Old Forests), prioritizing recommendations, and operational issues. Discussions of how local government and UBCM can contribute to this process are now beginning.

Todd Pugh, Executive Director, CivicInfo BC

Danny Francisco, Information Services Manager, Regional District of Okanagan-Similkameen

Details: Local governments are storing unprecedented amounts of data on computers, servers, and other devices. At the same time, the frequency and sophistication of cyberattacks is growing. Is your local government's digital infrastructure safe from an attack? As an elected official, are you asking the right questions of your staff and dedicating an appropriate level of resources to this evolving threat?

During this session you will hear from a BC local government that has experienced a cyberattack. Panelists will also discuss steps that you can take to minimize your risk, including a practical example of an organization that is currently undertaking a security audit. This session will be general in nature and is designed for decision makers.

FRIDAY SESSIONS

All times listed are in Pacific Standard Time (PST)

9:30 AM – 10:45 AM CONCURRENT CABINET TOWN HALLS

Planning and Building for Growth

Presenters:

Minister Rob Fleming, Minister of Transportation and Infrastructure

Minister Jennifer Whiteside, Minister of Education

Minister David Eby, Attorney General and Minister responsible for Housing

Minister Adrian Dix, Minister of Health

Details: Over the next year, Government will take steps to protect people's health through the pandemic, while making investments to support a strong recovery and a better future for everyone. Together with the direction of local governments, the plan is to support regional growth planning by building more livable communities with affordable housing options, green transportation infrastructure that saves people time, health care buildings that support locals and an educational system that give our youth a good start in life. The conversations of local government leaders with Provincial Ministers and the work we do together will be a critical part in growing local economies and supporting British Columbians.

A Stronger BC for Everyone

Presenters:

Minister Ravi Kahlon, Minister of Jobs, Economic Recovery

Minister George Heyman, Minister of Environment and Climate Change Strategy

Minister Katrina Chen, Minister of State for Child Care

Parliamentary Secretary Andrew Mercier, Parliamentary Secretary for Skills Training, Ministry of Advanced Education

Details: The pandemic has challenged B.C. in ways we never imagined and shone a light on the work needed to build a better future for everyone. The ministers and parliamentary secretary participating in this session will highlight the Government's efforts to build a long-term economic plan that will steer the province through the post-pandemic era. The panel will discuss efforts that are underway to improve the economic and social fabric of B.C. - such as expanding a skilled workforce; and creating jobs by reducing climate pollution through CleanBC. The panelists will also outline the province's efforts to provide inclusive, affordable universal childcare. This session provides delegates with an opportunity to share perspectives on what will help your communities thrive in a post-COVID world and to inquire about B.C.'s economic recovery pathway.

Supporting Resilient Communities

Presenters:

Minister Josie Osborne, Minister of Municipal Affairs

Minister Katrine Conroy, Minister of Forests, Lands, Natural Resource Operations and Rural Development

Minister Mike Farnworth, Minister of Public Safety and Solicitor General

Minister Lisa Beare, Minister of Citizens' Services

Details: As leaders in your communities, the work you do every day is critical to supporting resilient communities in an ever-changing world. The ministers participating in this session will speak to resiliency from their ministry's perspective – be it planning for emergencies by becoming a FireSmart community; improving connectivity to broaden educational and economic opportunities; or evolving forestry management practices and learning how to adapt to climate change. The Province wants hear from delegates on what is needed to deepen community resiliency.

2020 COMMUNITY EXCELLENCE AWARDS WINNERS

Local governments that lead the way with vision, creativity and innovation were honoured at the 2020 UBCM Convention with a Community Excellence Award. These awards showcase UBCM members that have implemented projects and programs that demonstrate excellence in meeting the purposes of local governments in BC. Award winners offer a path for other local governments to follow, not only in British Columbia but around the world, making communities more efficient, healthier and ultimately more livable.

Congratulations to the 2020 Community Excellence Award winners!
