Emergency Operations Centres Equipment and Training

2027 Program and Application Guide

Updated September 2026

Applications will be accepted September 1, 2026 to February 26, 2027 using the [LGPS Online Application Tool](#)

This intake will have limited funds available. Due to the expected high volume of applications, it is likely this intake will be substantially oversubscribed.

1. Introduction

The [Community Emergency Preparedness Fund](#) (CEPF) is a suite of funding streams intended to support First Nations and local governments to better prepare for disasters and reduce risks from natural **hazards** in a changing climate. Funding is provided by the Province of BC and is administered by the Union of BC Municipalities (UBCM).

As of August 2026, the funding streams include:

- Emergency operations centres equipment and training
- Emergency support services equipment and training
- Foundations of disaster risk reduction
- Public notification and evacuation route planning

Please refer to [Appendix 1](#) for definitions of terms used in this guide. All defined terms are in **bold** in the program guide.

Background

An **Emergency Operations Centre (EOC)** is a function established by an organization or jurisdiction to coordinate the overall organizational or jurisdictional response and support to an emergency response. EOCs can be fixed locations, temporary facilities, mobile operations, or virtual structures with staff participating remotely.

Under the *Emergency Program Act*, municipalities and regional districts are responsible for responding to emergencies in their area. In April 2017, the Ministry of Emergency Management and Climate Readiness (EMCR) entered into a 10-year service agreement with Indigenous Services Canada in order to be able to provide equivalent emergency management services to First Nations.

Emergency Operations Centres Equipment and Training Funding Stream

The intent of this funding stream is to support eligible applicants to build local capacity through the purchase of essential equipment and supplies required to maintain or improve an **EOC** and to enhance **EOC** capacity through training and exercises.

For the purpose of CEPF funding, if minor renovations of **EOCs** are proposed, the facilities must be located in a **First Nation owned building** or **publicly owned building** or an asset owned by the **primary applicant** or a **sub-applicant**.

2. Eligible Applicants

All First Nations (bands, modern Treaty First Nations with treaties that are in effect, and Indigenous National Governments with authority for lands and resources) and local governments (municipalities and regional districts) in BC are eligible to apply.

Eligible applicants can submit one application per funding stream intake. This includes applying as a sub-applicant in a regional application.

For the purpose of CEPF funding, the following agencies are able to act as a **primary applicant**:

- An emergency management organization that is created by a regional district service establishing bylaw and approved by the Province of BC may act as the **primary applicant** on behalf of eligible applicants that participate in the established emergency management service. When acting as a **primary applicant** on behalf of eligible applicants, the regional emergency management organization may submit more than one application per funding stream intake provided that each eligible First Nation or local government that is included as a **sub-applicant** is only funded once per intake.
- An Indigenous governing body with authority for emergency management may act as the **primary applicant** on behalf of eligible First Nations. The Indigenous governing body may submit more than one application per funding stream intake provided that each eligible First Nation that is included as a **sub-applicant** is only funded once per intake.

Emergency management organizations created by a regional district and Indigenous governing bodies that are interested in submitting an application to act as the **primary applicant** must contact UBCM in advance of submitting an application and will be required to provide appropriate documentation related to membership, authority, and area of service.

3. Grant Maximum

The Emergency Operations Centres Equipment and Training funding stream can contribute a maximum of 100% of the cost of eligible activities to a maximum of \$30,000.00.

Eligible applicants that can demonstrate geographical constraints (e.g., significant distance and/or barriers, such as mountain ranges, between reserves or communities) and a clear case for **EOCs** in each reserve or community may be eligible to exceed the funding maximum. For more information, please contact UBCM in advance of submitting an application.

As required, the Evaluation Committee may recommend that an application be approved in part, based on available funding and the merit of the proposed project.

To ensure transparency and accountability in the expenditure of public funds, all other contributions for eligible portions of the project must be declared and, depending on the total value, may decrease the value of the funding. This includes any other grant funding and any revenue that is generated from activities that are funded by the CEPF.

4. Eligible Projects

To qualify for funding, proposed activities must support eligible applicants to build local capacity through the purchase of essential equipment and supplies required to maintain or improve an **EOC** and to enhance **EOC** capacity through training and exercises.

In addition, to qualify for funding, projects must be:

- A new or subsequent phase of a project (retroactive funding is not available).
- Capable of completion by the applicant within one year from the date of grant approval.

- Where applicable, eligible for required approvals, authorizations, and permits.
- In alignment with the [Emergency Operations Centre Operational Guidelines](#).

Regional Projects

Funding requests from two or more eligible applicants for regional projects may be submitted as a single application for eligible, collaborative projects. In this case, the maximum funding per applicant (\$30,000) would still apply and the total maximum funding available would be based on the number of eligible applicants included in the application. It is expected that regional projects will demonstrate cost-efficiencies in the total grant request.

The **primary applicant** submitting the application for a regional project is required to submit a resolution as outlined in [Section 7](#) of this guide. Each **sub-applicant** is required to submit a resolution that clearly states their approval for the **primary applicant** to apply for, receive, and manage the grant funding on their behalf.

5. Requirements for Funding

As part of both the development of the application package and the delivery of the **approved project**, local governments are encouraged to proactively engage with local First Nations and Indigenous organizations, such as Friendship Centres and Métis Chartered Communities. Engagement by local governments both locally and regionally can help build relationships with First Nations, benefit both communities, and enhance reconciliation. More information on engagement best practices is available [here](#).

As part of the Approval Agreement, approved applicants must agree to the following requirements for funding:

- Activities must comply with all applicable privacy legislation under the *Freedom of Information and Protection of Privacy Act* in relation to the collection, use, or disclosure of personal information while conducting funded activities. Personal information is any recorded information about an identifiable individual other than their business contact information. This includes information that can be used to identify an individual through association or inference.
- Where applicable, the Qualified Professionals that manage the proposed project must be subject matter experts and any professional activities must be developed and signed by a qualified professional as per the *Professional Governance Act*.

6. Eligible and Ineligible Costs and Activities

Eligible Costs and Activities

Eligible costs are direct costs that are approved for funding, properly and reasonably incurred, and paid by the applicant to carry out eligible activities. Eligible costs can only be incurred from the date of application submission until the final report is submitted.

The application deadline is February 26, 2027. Applicants will be advised of the status of their applications within 120 days of the application deadline.

Required Application Contents

EMCR and GeoBC respect and are committed to the First Nations principles of OCAP®. Any product, data, or information which may include Indigenous knowledge as identified by the applicant may be submitted at the discretion of the applicant.

All applicants are required to complete the LGPS Online Application Form and submit an electronic copy of the following:

- Completed Application Worksheet with all required attachments.
- Band Council, Treaty First Nation, or local government resolution **OR** a letter of support from the Band Manager, CAO, or CFO for applications that are from a single applicant and request less than \$50,000 in funding. Resolutions and letters need to indicate support for the current proposed activities and willingness to provide overall grant management. All regional applications, or applications requesting more than \$50,000 in funding, will require resolutions to be submitted.
- Detailed budget:
 - Indicating the proposed expenditures from CEPF and in alignment with the proposed activities outlined in the Application Worksheet.
 - Although additional funding or support is not required, any other grant funding or **in-kind contributions** must be identified.
 - Applicants are encouraged to use the [EOC Budget, Amendment Request, Financial Summary Form](#).
 - Where possible, additional information to support proposed costs, such as vendor quotes or workplans, should be submitted
- For regional projects only:
 - Band Council, Treaty First Nation, or local government resolution from the **primary applicant**, indicating support for the current proposed activities and willingness to provide overall grant management; and,
 - Band Council, Treaty First Nation, or local government resolution from each **sub-applicant** that clearly states their approval for the **primary applicant** to apply for, receive, and manage the grant funding on their behalf. Resolutions from **sub-applicants** must include this language.

Submission of Applications

Applications are required to be submitted in two steps prior to the application deadline:

1. [LGPS Online Application Form](#): This online form must be completed for all applications to LGPS funding programs and includes questions that are common to all grant applications. When the LGPS Online Application Form is submitted, the applicant will receive an email confirmation including the file number that has been assigned to the application, and a copy of the Application Worksheet that must be completed as part of Step 2.
2. Application Worksheet: This worksheet contains questions that are specific to the funding stream and must be submitted by email to UBCM with all other required attachments.

Refer to [Appendix 2](#) for the information that will be required to be submitted during each step, including all application questions.

Worksheets and required attachments should be submitted as Word, Excel, or PDF files. Total file size for email attachments cannot exceed 20 MB. All materials should be submitted to Local Government Program Services, Union of BC Municipalities by email: cepf@ubcm.ca.

Review of Applications

UBCM will perform a preliminary review of applications to ensure the required application contents have been submitted and to ensure that basic eligibility criteria have been met. Only complete application packages will be reviewed.

As required, the Evaluation Committee will assess and score all eligible applications. Point values and weighting have been established within each of these scoring criteria. Only those applications that meet a minimum threshold point value will be considered for funding.

Higher application review scores will be given to projects that:

- Are from applicants that have not received funding under the Emergency Operations Centres Equipment and Training funding stream or have received minimal funding from the funding stream.
- Are from applicants that can demonstrate recent, recurring and/or extended **EOC** activations, recent history of local emergencies (e.g., evacuation order, disaster financial assistance) and/or evidence of local risk
- Align with the intent of the Emergency Operations Centres Equipment and Training funding stream to increase **EOC** capacity.
- Demonstrate evidence of engagement with First Nations and/or Indigenous organizations in advance of submitting the application and as part of the proposed project (e.g., collaborative planning tables; incorporating First Nation values and perspectives in proposed activities; existing outreach, plans, engagement reports or processes; including First Nation engagement costs in the budget; completion of Indigenous **Cultural Safety** and Cultural Humility Training).
- Effectively engage with neighbouring jurisdictions, and other impacted or affected parties (equity-denied populations, organizations that participate in the **EOC** program) as appropriate to the project. Rural and remote communities may want to consider engaging with regional districts and/or health authorities, and First Nation applicants may want to consider engaging with the First Nations' Emergency Services Society or the First Nations Health Authority.
- Contribute to a comprehensive, cooperative, and regional approach to **EOCs**.
- Are cost-effective. In cases where costs are higher than expected, project(s) may be approved at a lower grant amount.

As required, the Evaluation Committee may consider the provincial, regional, and urban/rural distribution of proposed projects, and previous CEPF funding. Recommendations will be made on a priority basis. All funding decisions will be made by UBCM.

UBCM will share all applications with the Province of BC.

4. Grant Management and Applicant Responsibilities

Grants are awarded to approved applicants only. The approved applicant is responsible for completion of the project as approved and for meeting reporting requirements.

Approved applicants are responsible for proper fiscal management, including maintaining acceptable

accounting records for the project. UBCM reserves the right to audit these records.

Notice of Funding Decision and Payments

All applicants will receive written notice of funding decisions. Approved applicants will receive an Approval Agreement, which will include the terms and conditions of any grant that is awarded. The Approval Agreement is required to be signed and returned to UBCM within 30 days.

Grants are paid at the completion of the project and only when the final report requirements have been met.

Please note that in cases where revisions are required to an application, or an application has been approved in principle only, the applicant has 30 days from the date of the written notice of the status of the application to complete the application requirements. Applications that are not completed within 30 days may be closed.

Payment by Direct Deposit

Approved applicants may request to have all grant payments made by direct deposit. Please note that all payments to local governments are already made by direct deposit.

In order to receive payments by direct deposit, approved applicants are required to submit:

- UBCM Direct Deposit Authorization Form for a bank account registered in the name of the approved applicant. Direct deposit payments will not be made to accounts registered to an individual or to an entity that is not the same as the approved applicant.
- Resolution or motion from the approved applicant (e.g., Band Council, Treaty First Nation, local government Council or Board, society Board of Directors) authorizing UBCM to make all future grant payments by direct deposit.

Progress Payments

To request a progress payment, approved applicants are required to submit the [Interim Report Form](#). The form will require the following information:

- Description of activities completed to date.
- Description of funds expended to date (applicants are encouraged to use the [EOC Budget, Amendment Request, Financial Summary Form](#)).
- Written rationale for receiving a progress payment.

Changes to Approved Projects (Amendment Requests)

Approved grants are specific to the project as identified in the approved application, and grant funds are not transferable to other projects. Generally speaking, this means funds cannot be transferred to an activity that was not included in the approved application or to a new or expanded location.

Approval from UBCM and/or the Evaluation Committee will be required for any variation from the **approved project**. Depending on the complexity of the proposed amendment, requests may take up to 120 days to review.

To propose changes to an **approved project**, applicants are required to submit the [Interim Report Form](#). If UBCM determines the amendment is eligible for consideration, applicants will be required to submit:

- Amended application package, including updated Application Worksheet, detailed budget (applicants are encouraged to use the [EOC Budget, Amendment Request, Financial Summary Form](#)) required attachments, and an updated resolution/letter of support.
- For regional projects only, evidence of support from **sub-applicant(s)** for proposed amendments will be required.

- Written rationale for proposed changes to activities and/or expenditures.

Applicants are responsible for any costs above the approved grant unless a revised application is submitted and approved prior to work being undertaken. Amendment requests to increase the approved budget of a project will not be considered.

Extensions to Project End Date

All approved activities are required to be completed within the time frame identified in the Approval Agreement and all extensions beyond this date must be requested in writing and be approved by UBCM.

The [Interim Report Form](#) will be required to be submitted for all extension requests over six months. Extensions will not exceed one year from the date of the original final report deadline.

Recognition of Funding and Funders

Updated September 2026 - Approved applicants must acknowledge the financial contribution of the Province of British Columbia in all public communications and promotional materials related to the project. The Province of British Columbia wordmark and/or approved program logo may only be used with prior written approval and in accordance with the Province's visual identity standards.

Requests to use provincial branding should be submitted through EMCR.DisasterMitigation@gov.bc.ca. Approved applicants must not use the Province's logo, wordmark, or other official marks without authorization.

When recognizing funding, please state that the Emergency Operations Centres funding stream is administered by the Union of BC Municipalities and funded by the Province of BC. UBCM is active on X, Bluesky, LinkedIn and Facebook. When possible, please mention or tag UBCM and the Province on social media posts that are related to projects that are funded through the Community Emergency Preparedness Fund.

5. Final Report Requirements and Process

All funded activities must be completed within one year of notification of funding approval and the final report is due within 30 days of project completion.

EMCR and GeoBC respect and are committed to the First Nations principles of OCAP®. Any product, data, or information which may include Indigenous knowledge as identified by the applicant may be submitted at the discretion of the applicant.

Final Reports

Applicants are required to submit an electronic copy of the complete final report, including the following:

- Completed Final Report Form with all required attachments.
